

Memo from Coach Bill Archer, Meet Director, WVSSAC State High School Wrestling Tournament

RE: Changes for the WVSSAC State Wrestling Tournament

Date: April 13, 2015

1. Coaches committee decided to have a weight class drawn at the coaches meeting before the start of the tournament as to what weight will be wrestled first during the finals. The weight classes will continue in order as it is done in dual meets. If this works out the same way would be used in the place matches.
2. Coaches have decided to try and include an extra official in the finals, semi-finals and place matches to help with the end of the periods as far as the time goes. The officials will meet with Mr. Welker before the tournament to have it worked out as to how it will happen. The coaches (at least of the committee) have been against the use of the extra official. The officials as a group have been for the use of the extra official. This may be a way to ease into returning to the use of two officials.
